SYKES DRAWINGS

The Sykes drawings are located at the Wiltshire & Swindon History Centre, Chippenham and mainly cover railway signalling items. The collection consists of 10 boxes of microfiches. The drawings date from the first decade of the 20th century up to the mid-1960's. Sykes & Co. became part of Westinghouse when the founder, William Robert Sykes, died in 1917. However Westinghouse continued to produce drawings under the Sykes name until the 1960's.

This spreadsheet had been compiled by three volunteers (David Collins, Mike Holland and Bob White) at the WSHC, so there are some slight variations in presentation between sheets. However the basic information is consistent throughout the spreadsheets.
To access the microfiches please order up using the standard white order slips at WSHC using the format "2514 Sykes Box" and then the box number and the drawing number.

INDEX

Sykes Box 1	Drawing Nos. 1-4894
Sykes Box 2	Drawing Nos. 4900-5425
Sykes Box 3	Drawing Nos. 5426-5750
Sykes Box 4	Drawing Nos. 5752-6700
Sykes Box 5	Drawing Nos. 6601-9160
Sykes Box 6	Drawing Nos. 9161-11000
Sykes Box 7	Drawing Nos.11001-13978
Sykes Box 8	Drawing Nos.13908-14865 & F804-F2390
Sykes Box 9	Drawing Nos.SSL100-1999
Sykes Box 10	Drawing Nos.SSL2000-6201 & Superseded drawings
